

# International Society Of Researcher And Professionals

Dec 2024

## TO WHOM IT MAY CONCERN

It is with great pride and admiration that we confirm Janardhana Rao Sunkara's eligibility and recognition for membership in the International Society of Researchers and Professionals (ISRP).

### Membership Criteria and Eligibility

Janardhana Rao Sunkara exemplifies the highest standards of professionalism and innovation, aligning seamlessly with ISRP's mission to advance scientific research and technological progress. With over 10 years of experience as an Oracle Database Administrator across diverse domains such as Pharmacy, Retail, Manufacturing, and Entertainment, Janardhana has demonstrated exceptional technical expertise and thought leadership. His mastery in Oracle technologies, cloud database migrations, and performance tuning underscores his commitment to advancing technology.

### Outstanding Achievements and Contributions

Janardhana Rao Sunkara has made remarkable contributions across multiple domains, including:

- Successfully migrating a 30 TB Tier 1 Database from AIX to RHEL without any issues, showcasing his expertise in handling mission-critical systems.
- Proficiency in Exadata-X9 and X6 full rack setup, administration, and monitoring, ensuring seamless database performance and reliability.
- Engineering and automating DBA tasks using Shell Scripts and Ansible Playbooks, driving operational efficiency.
- Expertise in GoldenGate replication for data synchronization and advanced replication strategies.
- Pioneering database migrations to AWS Cloud, reflecting his adaptability to modern technological trends.
- Developing robust backup and recovery strategies and optimizing database performance through SQL tuning and query optimization.

### Review and Acceptance

The ISRP's Board of Directors, comprising esteemed experts in science and technology, conducted a thorough evaluation of Janardhana Rao Sunkara's qualifications and achievements. The board unanimously recognized that his professional accomplishments, technical expertise, and innovative contributions make him an exemplary candidate for ISRP membership.

We are honored to welcome Janardhana Rao Sunkara as a valued member of ISRP. His exceptional technical expertise, dedication to advancing database technologies, and commitment to operational excellence position him as a leader in the research and professional community.

We look forward to his active participation and continued contributions to the ISRP and the broader scientific and professional landscape.

Sincerely,

Head  
International Society of Researchers and Professionals (ISRP)
