

PRESTIGIOUS AWARD FOR GLOBAL LEADER

THIS IS TO CERTIFY THAT

JANARDHANA RAO SUNKARA

This is to certify that Janardhana Rao Sunkara has been awarded the Data Innovation and Technology Integration Award in recognition of his exceptional contributions to the fields of database architecture, optimization, and the integration of emerging technologies. With over nine years of expertise, Janardhana has significantly impacted industries such as Pharmacy Retail and Manufacturing through large-scale database migrations, performance enhancements using Oracle technologies, and seamless cloud integration with AWS and Azure. His innovative use of Artificial Intelligence (AI), Machine Learning (ML), Big Data, and DevOps tools like Jenkins, GIT, and Ansible has driven measurable outcomes for leading organizations such as CVS Health and Hewlett Packard Enterprise. Janardhana's commitment to excellence and innovation continues to shape the future of data management and technology integration.
